## INFORMATION TECHNOLOGY UNDERGRADUATE

+94706665715 | [kaavinth2@gmail.com](mailto:kaavinth2@gmail.com) | [Kavinth Manoharan](#) | Colombo

### PROFESSIONAL PROFILE

Third-year IT undergraduate at the Sri Lanka Institute of Information Technology (SLIIT), focused on gaining practical experience with modern digital technologies. Enjoys collaborating on projects, solving problems, and developing both technical and creative skills. Eager to apply knowledge to real-world scenarios and contribute effectively to innovative team projects, with a growing interest in UI/UX design.

### PROJECTS

#### Smart Alert - School Management System

July - October 2025

Technologies and Tools: React JS, Express JS, Node JS, MongoDB, Github  
(Individual Contribution – Entire Attendance Module)

- Developed a school management system to improve communication between parents, teachers, and administrators.
- Primarily focused on designing visually appealing and user-friendly interfaces.
- Built the Attendance Management and Absence Notification System, allowing teachers to mark attendance digitally, proper CRUD & auto-notify parents in real time.
- Implemented UI/UX best practices to deliver visually appealing and responsive interfaces.

#### Gamespace - online gaming system

March - May 2025

Technologies and Tools: HTML, JavaScript, MySQL, Apache Tomcat, Eclipse  
(Individual Contribution – Payment GateWay UI)

- Developed a web-based Online Gaming System designed to provide an engaging and interactive gaming experience for users. Focused on crafting the Payment Gateway UI with an emphasis on clear navigation, smooth interaction flow, and modern visual design to simulate real transaction experiences.
- Applied UI/UX principles to enhance usability, create intuitive interfaces, and simulate real-world transaction experiences.
- Collaborated with backend developers to ensure seamless integration between frontend design and functional features.
